Will you still go on even if there is no hope ?
Of course !
I simply won't give up. Because even if I do, I will still have the feeling. There is no point in giving up.
Hmmph, it seems like a fool's answer. but I don't care. I won't give up until I feel that there is no other way or maybe until the girl accepts me.

Not only that, now he thinks he can make up for it and make it so that as if nothing happened. It means he doesn't think lying is a big deal.
It still gives me goosesk n when I th nk what he has done

Have you seen

If you are enjoying

You have not

What you are doing

So, you've known it all along while I was simply being led to
Bisu, he had his reasons
No need for excuses !
It doesn't matter
He lied to me
He cheated on me
He defied me !
I thought he was a friend !

I liked both of them.
I really liked him
Dohun was the first boy I ever liked as a female
Dorim was my only friend

I thought such strange

Just forgive him and forget about what he has done ? That's it ? Why should I forgive him? Why do I have to be the bad one ? I am not the one who should be forgiving him. He is the offender !
And I hate liars !
How can you trust someone who has already def ed you once ? Once was enough!

What s go ng on ?
It s been a week and
you haven't found h m
We are look ng for
just a boy!
Are you even try ng ?!
We even put

Why hasn't there
been even a report ?!

Ma am I do have some traces of th s boy Dohun but not exact whereabouts I bel eve he s with h s fr end whose name s Je Uoo Im
Then go get h m
But there s a problem
Th s guy so called Je Uoo Im
He doesn't ex st on paper

Can't be
it is true
And there seems to be a rather large gang after him
But without his identification, he couldn't have gotten a cell phone ?
He had one
They appear to be one of the worst kind They are involved in money laundering organ sales Pretty much anything bad you can come up with
You cannot of course get one in a normal way But after IMF there has been ways to get one illegally
It's a common practice
As long as one was willing to pay enough identification is no longer required

That is why we need to find and take Dohun back as soon as possible
How come? I mean they seem to get along pretty good I don't think
Ma am he s one of those you may call Scam I am sure that he has been to the bottom Such people can turn completely opposite of what they seem
Even f a fr end f needed he w ll use whatever s necessary to keep h m alive and well Remember ma am that h s back s not clean
We need to be careful and perhaps not to try push ng h m to edge

In the worst scenar o
he may sell h s fr end
to buy h s way out

Sigh

This is so discouraging I had no idea that trying to find a person in this country was going to be nearly impossible like this. Now I have to look after myself as well....
This is tiring.

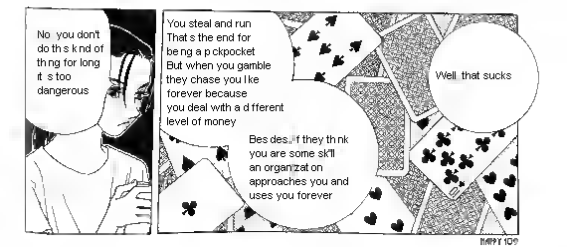
Hey ~ did you look at their faces ? They look like they were chewing crap ! Ah ~ that felt so good !
Do this few more times and we will have enough money for few months
You are going to do it again? Let's stop. I mean this is dangerous.
We have some money now.

What are you talking about?
We started this and we are going to finish it
We will keep earning money until we are rich
Whatever
By the way where did you learn playing poker like that? You were a pro
An old man who raised me
An old man ?
What about parents ? Now that you mention How did you grow up to be like this ?
What? parents ? I don't have one How did I live ?
Well ... I don't have much to say All I can say is I lived and here I am

That's no fun.
Shut up ! You asked. What did you expect ? Rest anyway ! We will be busy tomorrow.
Dressing like a girl again ? Damn, I thought that I'd be living normally when I left Eisu's house. You are weird also.
Why do you steal when you have a good skill ? I am sure you could make a decent living with playing poker



No you don't do this kind of thing for long it's too dangerous
You steal and run That's the end for being a pickpocket But when you gamble they chase you like forever because you deal with a different level of money
Well, that sucks
Besides, if they think you are some skill an organization approaches you and uses you forever

HAPPY TOY®

I didn't think I'd touch cards easily again like this ....

Do you mean that all this time you won the games by cheating ?!
Of course, if I did win by skills, I'd be a God of gambling.
Just how much did the woman want for a gun ?
Anyway, we are dealing with mafia-class gang. Unless you want to be sunk down with cement all over your body, we have to get out of here !
You jerk ... you never learn..., do you...

Besides, we are already surrounded by them !

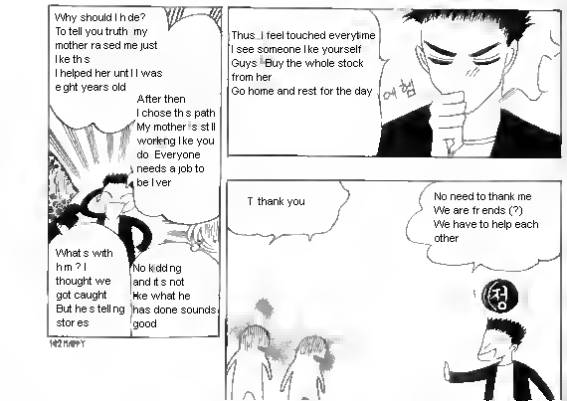
Hey, woman
So, here is the plan
Our boss wants to see you
Come with us quietly
Dohun's mother ?
So, the artist who painted this

It s confirmed It s Dohun s father
Though I didn't know he was doing this kind of works
He s quite known among artists. It seems He has left few more works here and there
This one was completed just two months ago
You mean
It s so like him that he always drew his wife
Right we now can find out his recent trace

!!
Though if we can't locate Dohun it s all pointless
What a cunning solution
He WILL come back if he sees this

Then let s not waste any more time and start
I w ll be the best model for the day

하하하
Ah, you must be exhausted !
I am sure working like this alone is making you tired ! I know !



Why should I hide? To tell you truth my mother raised me just like this I helped her until I was eight years old
After then I chose this path My mother is still working like you do Everyone needs a job to be lively
What's with him? I thought we got caught But he's telling stories
No kidding and it's not like what he has done sounds good
Thus..I feel touched everytime I see someone like yourself Guys ! Buy the whole stock from her Go home and rest for the day
T thank you
No need to thank me We are friends (?) We have to help each other

Who s the boy with you ?
Eh ? He s just a ne ghbor
